What's going on? This week in Reading and Math we will begin reviewing the ACE strategy. This strategy was sent home on the back of the Fab 4 card earlier in the year. We will continue learning more about dictionaries, diagrams, and plural nouns in Reading. The Endangered Species Project information is in your child's folder and is due on Thursday, October 17. We are focusing on our nine facts multiplying through 12. Ask your child to show you their "nines trick"! Students will have "nines" added to their timed multiplication fact quiz, so 0, 1, 2, 5, 9, and 10 facts will be on this week's quiz. It is very important that you only practice the facts we are working on in class. We will begin reviewing measurement with time, length, and mass in math. We will be learning about plants during our science unit on Environmental Science. The school chocolate fundraiser begins this week and the paperwork is in your child's folder.

The LSU Super Science Saturday is on October 19th from 12 - 4 PM. Submit the completed passport for 10 extra points in science.

If you are interested in being a **mystery guest**, please contact Ms. LeBlanc by email or a "secret note" as soon as possible. Thanks for your support in making this year a success!

Congratulations to our class congresswomen, Kyndal and Mizuki! They were elected to represent our classes in Crawfish Congress! 😊

Thanks, Mrs. St. Cyr, Mrs. Erdman, and Mrs. Hogans, for donating supplies to our classrooms! 😊

Things to Know

Behavior: If students earn more than two conduct grades of a C or if they earn one D or F, they will not be able to participate in the monthly party or field trips. Conduct through November 1 will determine participation in the PBIS party. Conduct from September 18 through October 22 will determine participation in the Museum and Ocean Commotion Field Trip.
